One of the Busiest Shows Yet.....

Legal IT Show Huge Success for Cognito

Cognito Software would like to thank all the legal firms and solicitors who attended this year's Legal IT show in February at the Business Design Centre in Islington.

Over the course of the 2 days we provided in excess of 50 demonstrations and were extremely busy. Steve Chivers - Sales and Marketing Director for the company said "I feel that the success of the show was a real testament to all the hard work the staff had put in pre-exhibition and during the show itself, as with all events of this nature, the hard work doesn't stop at the show and we will continue to follow up on the very positive leads and responses that we obtained over the two days.

I would also like to thank Matthew Robinson and the Legal IT team who did a good job of organising this year's event - we felt it was one of the busiest shows for years".
